

How to Reserve a Stay at the Ronald McDonald House

1. Email Lorraine Montuori, social worker at the Hospital for Special Surgery who handles pediatric cases. All requests must go through a social worker.
2. She will then contact you to get information so she can complete the request form. She faxes over the request form.
3. The Ronald McDonald House then emails Lorraine a confirmation number. She forwards the email to you and this is what you present to the Ronald McDonald House upon arrival.

Social Worker's contact information:

Lorraine Montuori
email: montuoril@hss.edu
phone: 212-606-1031

Notes:

First priority is given to cancer patients. It is difficult to get a long term stay approved. However, for all follow up visits I was able to get my request granted. My eleven year old loved it. Nice accommodations. Cost per night is \$35. They have thought of everything! Music room, Wii game room, computer room. Dinner is served each night around 6:30 pm. It is only one block away from Dr. Rozbruch's office.
